

Our WHY

Athletic programs and facilities are integral to our school. Athletic facilities represent a community in many ways. Often times, these structures are the first introduction visiting teams and outsiders see when entering our town. They represent in many ways the commitment and support of local businesses, corporations, and individuals to our students and community.

The condition of athletic facilities is directly linked to the overall performance of our student athletes.

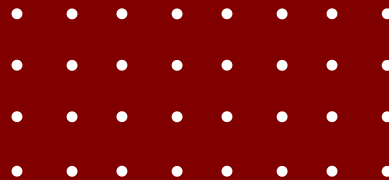

Our goal is to work together to build an athletic facility at DCS that will have lasting impacts for our school, our local community, and our surrounding areas.

A Field House for Every Athlete.

Dillon Christian School Athletic Capital Improvement Project

The goal of the DCS Athletic Department is to use athletic competition as a positive tool in the lives of our student athletes to bring glory to God through our participation.

What we're trying to get done

Dillon Christian School has seen tremendous growth in the past 10 years, going from 278 students in 2012 to 475 projected for the 2022-2023 school year. We are in the midst of an academic expansion. In addition, 68% of middle and high school students are involved in athletics. We cannot neglect this much-needed project. Our facilities must match our growth and our desire to compete at the highest level.

The Lord has worked in amazing ways, from the beginning of Dillon Christian School, through prayers, goals, and sacrifices of individuals and families along the way. Our goal is to provide a superior athletic experience. Your gift will make an immediate impact on our students and our community.
